Dear Friends,

Ronald McDonald House Charities of the Capital Region, Inc. promotes health, development and well being of children and their families. We accomplish this through the Ronald McDonald House, a home away from home for families of seriously ill children, and by creating and supporting programs that directly improve the lives of children and their families.

We are asking you to help change a child's life by supporting our new program called "Pulling for the Ronald McDonald House." We would be grateful if you would consider collecting and saving the pull tabs off aluminum cans, the pieces of metal that open aluminum cans. Like the can, the pull tabs are recyclable. They are high in quality, pure aluminum and more valuable than the can. The pull tabs are brought to a local recycling center where they are weighed and redeemed for cash per pound.

One hundred percent of the dollars raised from the redeemed pull tabs are put into the direct operations of our local charity. All the collections add up to make a heartfelt impact on the provision of services for critically ill children and their families during a time of crisis.

These little pieces of metal can make a big difference and people of all ages can easily participate. If you would like to help with our new pull tab recycling program, please contact our Ronald McDonald House at 438-2655.

Sincerely,

YOUNG FRIENDS of RMHC
Committee Member
